

## Product data sheet

### Soling Profile

#### Basic dimensions

117 x 73mm

#### Primary technical specs

$I_{xx}$  194 cm<sup>4</sup>  $I_{yy}$  64cm<sup>4</sup>

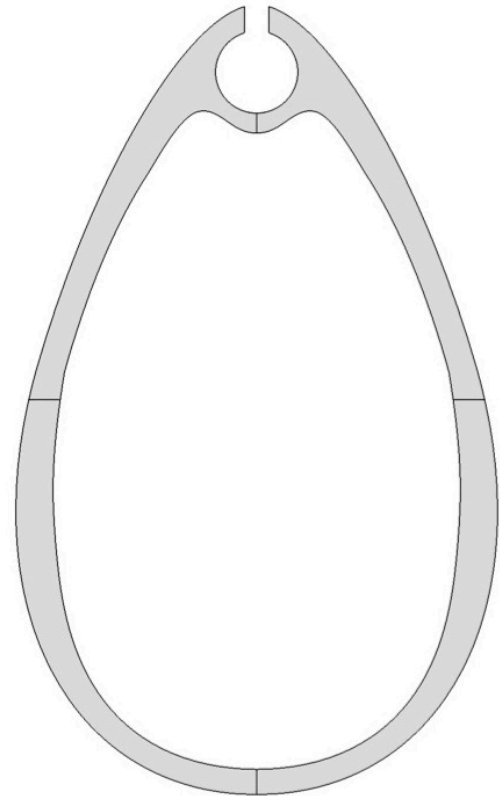

#### Basic unit weight

1,54kg per metre

#### Product description

Carbon/glass epoxy mast profile suitable for Soling Class.  
Integrated sailtrack (Ø12mm).  
Local reinforcements to suit all fittings.  
Bonded carbon fibre masthead 'crane'

Carbon grade T-700  
Maximum mechanical properties  
Tensile Strength 4900 MPa  
Tensile Modulus 230 GPa

#### options

Carbon fibre gooseneck  
Carbon fibre spreaders  
Flat aft surface to facilitate installation of fittings

Range of carbon fittings customized to suit section

Standard unit      Retail price per unit (excl. tax)
